|------------------------|------------------|

XI. Units Under Construction

- | | |
|-------------------------------------|----------------------|
| 1. Riverview Ridge Family Townhomes | 3. Cambrian Communes |
| 2. Lakeshore Townhomes | |

Dear Reader:

I'm happy to present you with the 30th annual Dakota County multi-housing rental market survey conducted by the Dakota County Community Development Agency (CDA).

The CDA conducts this survey to obtain a better understanding of the rental housing market in Dakota County. This year, the CDA surveyed 19,788 market rate rental units out of approximately 28,000 rental units in Dakota County. The results of the survey also help the CDA effectively administer the Housing Choice Voucher Program to ensure that rents charged for assisted units are reasonable in relation to comparable units in the private rental market.

This year's survey results showed that the average vacancy rate decreased to 1.73%, a 7% reduction from last year. The average rents increased this year by 9.8%. The average monthly rent for a two-bedroom unit is \$1,154 and the average for a three-bedroom is \$1,452. The rental market continues to be tight with vacancy rates steadily declining since 2011.

The CDA would like to express its appreciation to everyone who participated in the survey, especially the property managers and city officials whose assistance made this publication possible. I would also like to thank the CDA staff that assisted in its production.

I hope this information is helpful in evaluating the nature of the rental housing market in Dakota County communities and welcome any feedback.

Sincerely,

Kari Gill
Acting Executive Director

II. Methodology

This survey covers a sample of the 28,000 conventional rental units located in the 592 residential rental developments throughout Dakota County. Of the 592 rental developments, 513 properties are considered market rate developments, totaling approximately 23,400 market rate units. To ensure the consistency of responses, a survey questionnaire was developed and sent to 490 property owners and managers of market rate units*. We used the online survey tool, Survey Monkey to obtain the responses electronically from about two-thirds of the owners. The property owners and/or managers were asked to furnish rental rates, occupancy and other rental data as of March 1, 2015 on the questionnaire form. Dakota County CDA staff conducted targeted follow-up calls to owners who did not respond to the survey in order to collect the data. Between the mail and telephone responses, this survey represents a sample size of 19,788 units or 85% of the market rate rental market in Dakota County.

The survey reports only units available for occupancy as of March 1, 2015. No units under construction were included in the summary data; however, information is provided for rental units expected to be available for occupancy by February 2015.

Data collected on the individual property surveys were compiled and weighted by the number of units to calculate the average vacancy rates and average rental rates. The summary calculations are reported by bedroom size for each large city in Dakota County as well as the county as a whole. The Dakota County CDA conducts this survey annually and then compares a summary of the responses from prior years.

While the summary calculations include only market-rate unit data, this survey includes raw data and information on rental housing with rent and/or occupancy restrictions such as senior housing, congregate/assisted living, and units financed with Low-Income Housing Tax Credits and supportive housing. Subsidized and targeted housing account for 16% of the rental units in Dakota County.

*The number of surveys sent is less than the total number of market rate units due to a small number of property owners requesting to be removed from all future survey lists and/or combining surveys for owners with multiple properties.

III. County Summary

The following are the results from the Dakota County 2015 Rental Market Survey. The cities included in the survey were: Apple Valley, Burnsville, Eagan, Farmington, Hastings, Inver Grove Heights, Lakeville, Mendota Heights, Rosemount, South St. Paul, and West St. Paul. The units represented refer to units identified through responses to the survey.

| | <u>Efficiency</u> | <u>1 BR</u> | <u>2 BR</u> | <u>3 BR</u> | <u>TOTALS</u> |
|----------------------------|-------------------|-------------|-------------|-------------|---------------|
| Number of Units | 528 | 7,439 | 10,329 | 1,492 | 19,788 |
| Percent of Market | 2.67% | 37.59% | 52.20% | 7.54% | 100.00% |
| Average Rent | \$698.52 | \$905.41 | \$1,154.23 | \$1,452.12 | \$1052.25 |
| Number of Vacancies | 8 | 98 | 189 | 47 | 342 |
| Vacancy Rate | 1.524% | 2.84% | 1.83% | 3.15% | 1.73% |

Graphs 3-70 contain information on the rental units identified by response to the survey.

AVERAGE RENTS

The average rent for all units in the county increased by \$93.89 or 9.8%.

2015 AVERAGE RENTS AND AMOUNT OF INCREASE OR (DECREASE) FROM 2014

| <u>Unit Size</u> | <u>2015 Average Rents</u> | <u>2014 Average Rents</u> | <u>Dollar Amount of Change</u> | <u>Percent Change</u> |
|------------------|---------------------------|---------------------------|--------------------------------|-----------------------|
| Efficiency | \$698.52 | \$666.45 | \$32.07 | 4.81% |
| One Bedroom | \$905.41 | \$830.88 | \$74.53 | 8.97% |
| Two Bedroom | \$1,154.23 | \$1,009.62 | \$144.61 | 14.32% |
| Three Bedroom | \$1,452.12 | \$1,319.17 | \$132.95 | 10.08% |

Average rent trends from 2011 - 2015 as shown by bedroom size, are shown on Graphs 9 - 13.

VACANCY RATES

The vacancy rate for Dakota County continues to decline, falling from 1.86% in 2014 to 1.73% in 2015. As reported by Reis, an industry leader in rental market research, the demand for apartments has remained strong for five years since the economic recovery began in 2011.

All of the individual cities surveyed in Dakota County have vacancy rates below 3.5%. This shows how competitive the housing market is in 2015.

As explained in the Twin Cities Rental Review, published by The Housing Link, the Twin Cities area boasts one of the lowest unemployment rates in the nation at 4.5%. When employment in a region is strong, it usually possesses a low vacancy rate as people are attracted to the region.

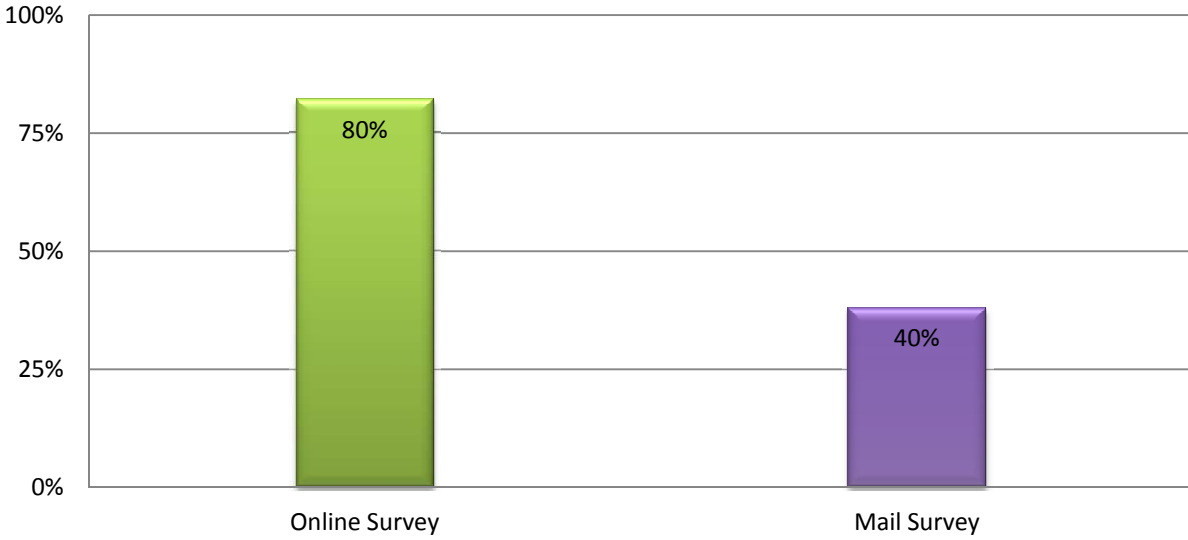

Graph 15 shows county-wide vacancy rate trends by bedroom size from 2011 - 2015

2015 COUNTY-WIDE VACANCY RATES AND INCREASE (DECREASE) FROM 2014

| Unit Size | 2015 Vacancy Rate | 2014 Vacancy Rate |
|---------------|-------------------|-------------------|

IV. FAIR MARKET RENT

The numbers below reflect units that responded to the survey with rents that fall within the U.S. Department of Housing and Urban Development (HUD) published Fair Market Rents (FMR) or the Dakota County CDA's Payment Standards. The FMR's are prepared annually by HUD for the entire Minneapolis-St. Paul Metropolitan Statistical Area and are based on the 40th percentile of the rental market by bedroom size.

The data collected in this market survey enables the CDA to analyze the Dakota County rental market apart from the full metropolitan statistical area to determine the 40th percentile specifically for the Dakota County rental market by bedroom size. The CDA determines the Payment Standards from this analysis. Payment Standards can be established on a local level between 90% and 110% of the FMR. A higher standard from 110% to 120% of the FMR can be requested and is referred to as an Exception Payment Standard. The CDA will use this year's data in its analysis and establishment of payment standards.

County-Wide Totals

| Size | Number of Units * | Published FMR's | Dakota County CDA - Payment Standards (Effective November 1, 2015) | |
|------------|-------------------|-----------------|---|---|
| | | | Region 1 | Region 2 |
| | | | Apple Valley, Burnsville, Egan, Inver Grove Heights, Lakeville, Mendota Heights | Farmington, Hastings, Rosemount, South St Paul, West St. Paul |
| Efficiency | 235 | \$656 | \$651 | \$590 |
| 1 Bedroom | 1,728 | \$813 | \$820 | \$740 |
| 2 Bedroom | 3,124 | \$1027 | \$1000 | \$925 |
| 3 Bedroom | 456 | \$1444 | \$1320 | \$1300 |
| Totals | 5,543 | | | |

* Only units that responded to the survey are included in these numbers

KEY POINT:

28.02% of the units surveyed fall within the Dakota County CDA's Payment Standards.

(-) No response within the unit size

V. CITY SUMMARIES

Each city summary includes specific information regarding average rents; vacancy rates; senior, tax credit or assisted living developments located within each city; summary of rental data; and graphs specific to that city. The cities include: Apple Valley, Burnsville, Eagan, Farmington, Hastings, Inver Grove Heights, Lakeville, Mendota Heights, Rosemount, South St. Paul and West St. Paul.

Note: Since this survey is assessing market rate rental units, Senior Housing, Tax Credit, Supportive Housing, Congregate and Assisted Living units are not included in the calculation of city or county averages and percentages.

SUMMARY OF APPLE VALLEY'S RENTAL MARKET 2015

| | <u>0 BR</u> | <u>1 BR</u> | <u>2 BR</u> | <u>3 BR</u> | <u>TOTALS</u> |
|--|-------------|-------------|-------------|-------------|---------------|
| Number of Units | 105 | 468 | 811 | 197 | 1,581 |
| Percentage of Apple Valley Market | 6.65% | 29.61% | 51.30% | 12.46% | 100.00% |
| Average Rent | \$631.21 | \$841.29 | \$1,102.16 | \$1,450.45 | \$1,104.12 |
| Number of Vacancies | 2 | 4 | 11 | 13 | 30 |
| Vacancy Rate | 1.90% | 0.85% | 1.36% | 6.60% | 1.90% |

For the number of rental units, average rent and vacancy trend information from 2011 - 2015 see Graphs 18 - 20.

2015 AVERAGE RENT AND VACANCY CHANGES FROM 2011

| Unit Size | AVERAGE RENTS | | | VACANCY | |
|------------------|-----------------------|-----------------------|------------------------------|-------------------|-------------|
| | 2015 Avg. Rent | 2014 Avg. Rent | Dollar Amt. of Change | RATES 2015 | 2014 |
| Efficiency | \$631.21 | \$600.00 | \$31.21 | 1.90% | 1.90% |
| One Bedroom | \$841.29 | \$827.19 | \$14.10 | 0.85% | 0.85% |
| Two Bedroom | \$1,102.16 | \$1,065.56 | \$36.60 | 1.36% | 1.36% |
| Three Bedroom | \$1,450.45 | \$1,332.89 | \$117.56 | 6.60% | 5.26% |

AVERAGE RENTS

Apple Valley's overall average rent for 2015 decreased by \$94.21.

- Apple Valley accounts for 7.99% of the rental market surveyed for 2015 in Dakota County, see Graph 17.

VACANCY RATES

The overall vacancy rate for Apple Valley in 2015 was 1.90%, up from 1.86% in 2014, see Graph 20.

- Vacancies in Apple Valley account for 8.77% of the vacancies county-wide, see Graph 16.

SENIOR/TAX CREDIT/ASSISTED LIVING DEVELOPMENTS

Apple Valley has five senior housing developments: Cobblestone Square (60 units), Cortland Square (60 units), Orchard Square (50 units), The Seasons (134 units) and The Timbers (106 units). See "Senior Housing" section for details.

Apple Valley has five tax credit developments: Chasewood Townhomes (27 units), Glenbrook Townhomes (39 units), Haralson Apartments (20 units), Hearthstone Apartments (42 units) and Quarry View Townhomes (45 units). See "Tax Credit Housing Units" section for details.

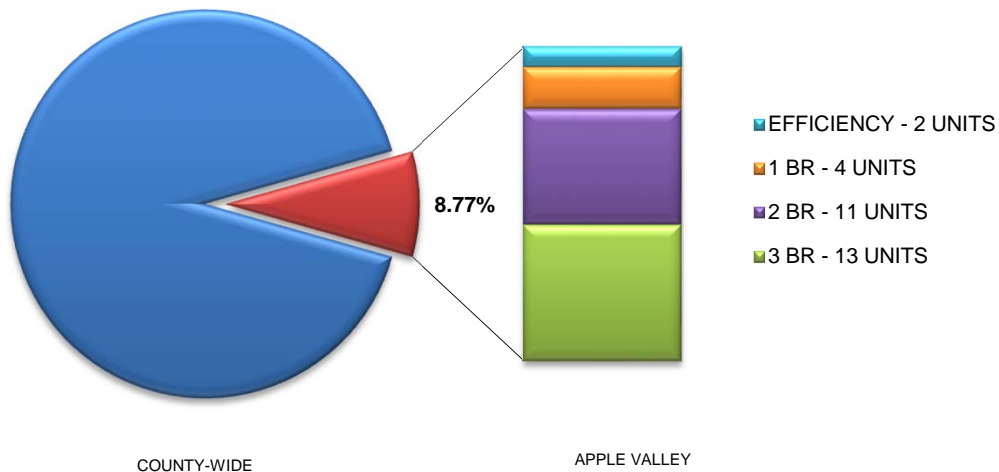

Apple Valley has three congregate/assisted living housing developments: Apple Valley Villa (208 units), Centennial House (79 units) and The Seasons (134 units). See "Congregate and Assisted Living" section for details.

Apple Valley has one supportive housing development: Haralson Apartments (16 units). See "Supportive Housing Units" section for details.

Senior Housing Units

In Dakota County, there are approximately 3,235 units of senior rental housing consisting of one, two and three bedroom units. Various properties have independent living units and congregate or assisted living units that are interchangeable; therefore this number includes some congregate and assisted living units, and the exact number is unknown. The properties with units designated *only* congregate or assisted living are not included in the total of senior rental housing. See "Senior Congregate and Assisted Living" section for further details. The 3,235 senior rental housing units are dispersed throughout the county with the largest number of units (604) located in Burnsville.

This section has been broken into two parts: market rate senior housing and subsidized senior housing. No senior housing units have been included in the overall survey numbers since they have a subsidy associated with the unit and/or offer special amenities or services not found in regular market rate units, which can elevate the rent.

VIII. Congregate and Assisted Living

Congregate Housing usually offers basic supportive living services. These services may include meals, housekeeping and laundry. Minimal personal care services may also be available.

Assisted Living typically provides more extensive services. These services may include meals, 24-hour emergency assistance with on-site staff, laundry and light housekeeping services. Other services may include personal care assistance such as bathing, dressing and grooming, as well as medication assistance.

Memory Loss Management Services offer specially designed accommodations for those in need of special care due to memory impairments such as Alzheimer's disease and dementia.

In Dakota County, there are approximately 1,745 congregate or assisted living units consisting of one, two and three bedroom units. Various properties have independent living units and congregate or assisted living units that are interchangeable; therefore this number includes what could be independent units. The properties with units designated *only* independent living are not included in the total. See "Senior Housing" section for further details. The 1,745 congregate or assisted living units are dispersed throughout the county with the largest number of units (412) located in Burnsville.

No congregate or assisted living units have been included in the survey numbers since they offer special amenities or services not found in regular market rate units, which can elevate the rent.

IX. Tax Credit Units

In Dakota County, there are 1,409 tax credit housing units consisting of one, two and three bedroom apartments and townhomes. The 1,409 tax credit housing units are dispersed throughout the county with the largest number of units (223) located in Burnsville.

The Housing Tax Credit Program provides tax credits for owners and investors of affordable rental housing. The tax credit is a fixed percentage of certain development cost or property acquisition and is provided annually for 10 years. Federal regulations require tax credit developments to adhere to restrictive rent and income guidelines for a minimum of 15 years, and in many cases, 30 years, depending on the deed restrictions.

Developments with allocations in 1990 and each year thereafter are required to comply with these requirements for a minimum of 30 years. No tax credit units have been included in the survey numbers since their rents are subject to restrictions and therefore do not reflect a true market rent.
