Carver, Dakota and Scott County

Weatherization Assistance Program

Grants to help make homes more
energy efficient.

Weatherization Assistance Program

Do you have high energy bills?

Is your home drafty?

Do you have indoor air-quality issues?

Could your furnace use a tune-up?

Do you have ice dams that form on your roof in the winter?

Income eligible Carver, Dakota and Scott County residents can qualify for grants through the Weatherization Assistance Program to make improvements to their homes such as:

- Wall and attic insulation
- Air infiltration and bypass sealing
- Bathroom and kitchen venting (exhaust fans)
- Furnace repair or replacement
- Smoke alarms and carbon monoxide detectors
- Solar

Based on your home's characteristics, you may qualify for solar panel installation.

This program is funded by the U.S. Department of Energy and is locally administered by the Dakota County Community Development Agency (CDA) in partnership with the Scott-Carver-Dakota CAP Agency.

The goal of the program is to reduce energy costs for homeowners through making their home and mechanical systems more energy efficient.

Weatherization Income Limits

Household Size	Annual Income Limit
1	\$33,916
2	\$44,352
3	\$54,788
4	\$65,228
5	\$75,664
6	\$86,100
7	\$88,056
8	\$90,012

*Income limits are as of July 2021 and are subject to change.

The Process

The Dakota County CDA will contact you to schedule an energy audit on your home and identify ways to make your home more efficient.

Professionally trained Energy Specialists will conduct an audit of your home to identify areas of improvement. This will include a blower door test using diagnostic equipment and inspections of attics and furnaces.

Specifications for work to be completed will be prepared and solicited from certified weatherization contractors.

Completed work will be inspected and payment will be issued directly to the contractor.

How to Apply

Weatherization Assistance applications can be requested by calling the CAP Agency at **651-322-3500** and are also available online at **www.capagency.org**.

All income eligible applicants will be referred to the Dakota County CDA for the Weatherization Assistance Program. Homes that have not been weatherized by the program for fifteen years may be eligible.

Priority is given to households with high energy use and with family members under age 19, age 60 or older, or with a disability. Homes built within the past 20 years may not be eligible.

Energy Use in a Typical Home

Other appliance and receptacle loads including TVs, dryers, washers, and small appliances = 27%.
