HOPE

Housing Opportunities Enhancement

PROGRAM

Information & Application Instructions

The Dakota County **Housing Opportunities Enhancement Program** is designed to provide resources to create or preserve affordable housing throughout Dakota County. Funds are to be used as a source of gap financing that can in turn be used to leverage public and private sector funds for the expansion, preservation, or rehabilitation of affordable housing units. The funds can be used with new construction and /or land acquisition; housing rehabilitation, acquisition or preservation; and indirect or direct assistance with homeownership opportunities.

In order to be considered for funding, applications must meet the following threshold eligibility requirements:

- 1.) **Income Requirements.** Rental projects must serve persons at or below 50% of the county's median income as determined by HUD for the Minneapolis/St. Paul metropolitan statistical area.
- 2.) **Rent Requirements.** Rents are based upon the most current HUD AMI rent schedule for 50 percent, less applicable utility allowance.
- 3.) **Design Requirements.** Design must comply with the CDA's Mandatory Design Standards, unless a waiver is applied for with the application submission and subsequently granted by the CDA. All applicable codes, rules and regulations including but not limited to zoning, building and energy codes, accessibility and other local, state, and federal requirements. Those developments in cities and municipalities, which have not adopted the State Building Codes, must design and construct the development to comply with the State Building Code.
- 4.) **Organizational Capacity.** Applications must be received from a duly created and validly existing corporation, partnership, or other entity. Applicants must also demonstrate that the skills and experience of the development team and the property management team are appropriate to the size and complexity of the project.
- 5.) **Community Review.** At the time an application is submitted for HOPE funding the applicant must include a letter/documentation from the city in which the development is located stating the current zoning and approval status. In addition, the CDA will submit the application to the city for review and comment.
- 6.) **Site Control.** Applicants must provide, at the time the application is submitted, evidence of single owner site control or evidence that the process is in place to imminently obtain site control. Evidence includes: deed of trust, current and executed purchase agreement or sale agreement, current title showing applicant as owner, or option agreement.

- 7.) **Relocation Plan.** If applicable, applicants must show that a relocation plan has been developed to ensure that comparable units within the community are available and the budget is adequate to cover relocation costs.
- 8.) **Leverage.** Applications must be able to demonstrate a minimum of 2:1 leverage, with an exception for supportive housing developments and rehab proposals. These projects may be allowed a 1:1 leverage based on the availability of funding and a CDA underwriting review.
- 9.) **Demonstration of Need.** Applications must be able to support the need for HOPE funding to complete the proposed project. CDA staff will conduct an underwriting review and analysis of proposals to confirm the need for HOPE funding.
- 10.) **Project Feasibility.** The applicant must demonstrate project feasibility based on current housing finance conditions and the ability to complete the project in a reasonable timeframe. CDA staff will review proposals for project feasibility and continue to monitor project feasibility on an ongoing basis.

Funding will be awarded on an open pipeline basis until all funding is exhausted. The maximum available to projects serving the target population may not exceed \$30,000 per unit or a maximum of \$750,000 per development. Funding awarded from the HOPE Program will be in the form of a repayable loan. Terms of the loan will be based on the length of affordability.

The award of HOPE funding is based on the information provided in the application. The CDA retains the right to reject in whole or in part any application for any reason. If you need clarification on the application, please contact Kathy Kugel, Housing Finance Program Coordinator, at 651-675-4478.
